OBJECTIVE

A minimalistic lifestyle, love of jazz and meaningful conversations always reflect in my work. With my background as a chef, a guide and photographer I used to design delightful journeys. Now I design meaningful experiences that inspire and improve people's lives.

EXPERIENCE

User Experience Design student at General Assembly

Oct. 2016 – Dec. 2016

A full-time 10-week ux-design program that concentrates on hands-on learning.

Graphic Design & Prototyping Message Modality

Dec. 2015 – present

Working as a freelancer on prototype development, usability testing, graphic design and content strategy for a start up working on a social messaging application.

Fly-fishing Guide – self-employed

Jun. 2013 – Sep. 2015

After immigrating to the U.S, I established a small business as a fly fishing guide in the state of Maine. I Provided education and direct customer service to clients wanting to explore remote wilderness areas of Maine.

Spirits of Stone – business owner

Mar. 2010 – Dec. 2012

Established a small business importing crystals, gem-stones and related products into Australia. Provided high quality products at affordable prices to the local community of various alternative healers and health practitioners in Sydney Australia.
